GARDENFAX: INDOOR PLANTS

Published by: CDTV Publishing

CDT-1001

Gardenfax: Indoor Plants takes the guesswork out of choosing and caring for houseplants.

Over 200 plants are presented in full color pictures and text. The pictures and information may be found by common and botanical name or by selecting a combination of criteria such as room temperature, light conditions, flower color and size, etc.

Using the hand held remote controller, make choices from the symbols on the screen, and find plants to suit your home. For instance if Grape Ivy (Rhoicissus Rhombifolia) was selected you would get hints on watering, positioning and feeding, plus audiovisuals on taking stem cuttings and repotting.

Ideal for household plant enthusiasts and novices alike.

Availability **Spring 1991**

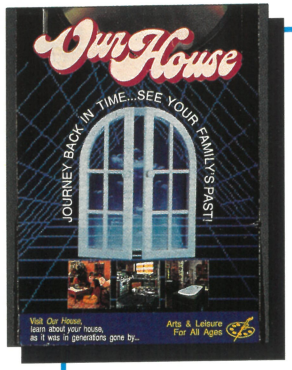
OUR HOUSE



Our House
JOURNEY BACK IN TIME...SEE YOUR FAMILY'S PAST!
Visit Our House,
learn about your house,
as it was in generations gone by...
Arts & Leisure
For All Ages

CDT-1504

Published by: con·text systems, incorporated

Our House offers youngsters a fascinating window into a typical American home -- your home -- by allowing them to explore how everyday objects in each room are actually used, and to discover what real life was like in generations gone by.

This ability to grasp 'the way the world works' on a small scale will inspire the confidence needed to understand the larger world as the youngster grows.

Our House, the first in the *NOW & THEN* series, offers discriminating parents a captivating and educational opportunity to gather around 'the electronic fireplace,' where the past is remembered, the future is imagined and family histories are treasured.

Ideal for the entire family as well as library and classroom use.

A BUN FOR BARNEY

Published by: MULTI MED!A CORPORATION

CDT-2502

A Bun For Barney is a delightful animated story for children aged 3 to 6 about a bear who learns to say "no." As they watch, children can make characters pop-up, play learning games and perform songs. This disc also encourages early reading. Children can read each sentence as it is spoken in the narration or select individual words to hear them pronounced. Animated by Melendez Films, producers of the well loved *PEANUTS* specials on CBS Television, and narrated by Tom Baker, star of *Dr Who*.

Ideal for children 3 to 6 years of age.

BARNEY BEAR GOES TO SCHOOL

Published by: Free Spirit Software

CDT-2501

Barney Bear Goes to School is a learning game that combines colorful, animated graphics and rich, "multi-track" audio. It consists of two segments: *Storytime,* which shows children how to get ready for a day at school, and *Schoolroom*, which lets children select and play many learning activities.

Storytime shows Barney Bear getting ready for school and teaches children to clean their room, to eat a good breakfast, and to look both ways before crossing streets. The game asks children to identify objects on the screen and then rewards them for correct choices with audio response.

Once Barney Bear is in his schoolroom, children may choose any of the learning activities including spelling games, counting games, colors, shapes and a coloring book.

Ideal for children 2 to 6 years of age.

Availability **Spring 1991**

CDT-3522

Legends tell of a time when fear ruled the land. A time when no man, woman nor child was safe from the spread of evil. A time when a fierce Demon sent his evil minions to roam through the land and make the kingdom his own. That time is upon us once again...

You have been summoned by the King to defend the realm, rescue the Princess and rid the kingdom of the evil Demon before all is lost. Your quest will lead you through caves, swamps, temples and castles before reaching your ultimate challenge... the Demon himself.

Wrath of the Demon combines spectactular graphics, animation, sound and playability for a realistic 3D effect.

Ideal for all arcade game fans.

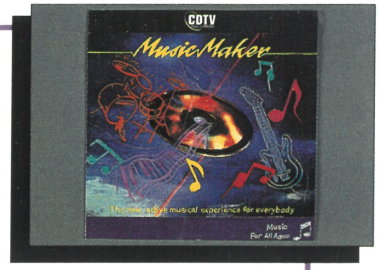
Music

MUSIC MAKER



Published by: CDTV Publishing

CDT-4001

Anybody and everybody will be able to play music in minutes using the unique features of **Music Maker.** Choose one of the seventeen song tracks, select from over forty instruments and play along. There is a level for everyone - one key play for beginners, melody play for the more musical, and free play mode for the talented or brave. The CD quality audio tracks are accompanied by changing graphics. You can even play the drums with any of your favorite CD's. No musical experience is required.

Ideal for all children and adults who want to make music.

Also Planned for Later Introduction:

PERIODICALS

PRODUCTIVITY

CDTV Accessories

Available at Launch:

CD1400 CD Caddies: Set of 2 black caddies to hold and protect CDTV Multimedia, CD-ROM and audio CD titles.

Planned Summer 1991 Availability:

CD1200 Trackball Controller: The Trackball controller increases the speed and control for fast interactive multimedia titles. With a trackball mounted in a weighted base and dual joystick connectors, the Trackball Controller is ideal for fast-moving programs that require instant decision-making. You can also plug in your favorite joystick and use it to operate your CDTV player. Commodore's Trackball Controller operates by either infrared remote control or by the plug-in cable provided.

CD1252 Remote Control Mouse: The Remote Control Mouse gives you real mouse control over your CDTV player without wires or cables. A two button mouse, it is excellent for fine, fast control of CDTV titles such as painting and drawing titles. Commodore's Remote Control Mouse has sleek styling in moulded black plastic and includes a battery-saver feature.

CD1300 CD1301 Video Genlock Cards: The CDTV Genlock Cards let you combine CDTV visuals with video from a videocamera, videotape or live television, and record the combined signal to a VCR. The Genlock mode is switchable between Video-Only, Combined (CDTV + video) or CDTV-Only. It can be controlled by the standard CDTV remote controller. Commodore's Genlock gives you instant control for many home and industrial video uses. Available in NTSC (CD1300) and PAL (CD1301).

Planned CDTV Accessories

These accessories are planned for future availability:

CD1410 **Bookshelf Speakers**: A matching set of high quality, sleek black stereo speakers with built-in audio amplifiers; connector cables included.

CD1401, CD1405 **Personal Memory Cards:** The CDTV Personal Memory Cards are a convenient way to save information for later use. Selected CDTV titles make use of the Personal Memory Card for saving position, scores (e.g., adventure games), selected pictures (e.g., painting programs), text and other functions. Available in 64K (CD1401) and 256K (CD1405) capacities.

CD1210 **Game Controller:** This infrared transmitter "brick" has ports for wired joysticks; includes battery saver and optional wired connector.
